

Materials Policy

ISG is an international construction services company delivering fit out, construction and a range of specialist services.

This policy supports ISG's Sustainability Policy and sets a framework for our materials procurement. ISG is committed to responsibly choosing materials and components using sustainable sources where practicable. We will do this by:

- Complying with all applicable environmental and health and safety legislation.
- Not using any timber from species prohibited under CITES or from illegal sources.
- Encouraging the use of timber products from sustainable sources and the use of custody certification schemes such as FSC or PEFC.
- Encouraging the use of components or packaging with a low or zero Ozone Depletion Factor.
- Promoting the use of recycled products and materials or those containing a high recycled content.
- Promoting the use of durable materials and products with increased lifespan.
- Encouraging the use of materials with a low embodied energy/carbon impact.
- Not using products containing lead in a form that may be ingested or inhaled by people.
- Encouraging the use of products that have low Volatile Organic Compounds (VOC) content.
- Encouraging the use of products using non toxic materials & avoiding refrigerants with high Global Warming Potential.
- Purchasing white goods for ISG use with EU Energy Label 'A' rating or international equivalent.
- Purchasing IT equipment with low energy usage technologies.
- Sourcing products and materials locally wherever practicable.
- Promoting use of biodegradable cleaning products.
- Promoting use of paper from sustainable or recycled sources.
- Encouraging the reuse of materials to minimise waste.

To support our materials procurement principles we will be open and transparent. A copy of this Materials Policy will be made available upon request to any interested party.

Overall responsibility for this policy rests with the ISG Board of Directors and the Managing Directors of ISG businesses.

For and behalf of ISG plc

Signed:

David Lawther

ISG Chief Executive
